### Ian “not a cryptid” Griswold

[President, 1VP]

“Ian, fuck off” - most people

#### President:

he protecc  
he buy snacc  
but most importantly  
he run for the highest position in execc

My dudes -

So first I was used for target practice, then I fed you guys. And I even managed to shitpost while buying snacks.

Just imagine the new shitpost potential when you put me in charge of even more logistics!

#### 1VP:

Okay okay so I can already shitpost to people in the org, 1VP is just shitposting to people that aren't in the org and hoping they show up. I spent most of Activities Fair handing people spoons and telling them they'll be necessary for “their quest”. Now I'll be able to be officially be an advertising cryptid.

### Kate “ARMS” Krakopolsky

[President, 2VP]

Can't use that nickname anymore, can I? :(

#### Prez:

- I can probably run a meeting
- Will give me more excuses to tomahawk Em
- Won't be the worst mistake we've ever made, I'm sure

#### 2VP:

- I've been doing a third of this job for the past year already my guys
- Actually tho I know what goes into the job and I know how to do it
- I will continue Ian's tradition of shitposting with the event snacks
- Expect Cheetos Paws, fuck Cheetos Paws
- Having been a booth chair this year, I can handle the level of work required to be 2VP
- Will still give me an excuse to tomahawk Em
- Will make Liam mad cause he lost
- I know y'all wanna see those last two
- Will let Aren make my horrible event covers <3
- Actually tho I'll be good at this job
- plz elecc thank

[1vp, 2vp, RECSEC]

**FIG. 1:**

Note the sheer identifiability and competence portrayed in Fig. 1

Aren “Weeaboos? What are those?” Davey  
[2VP, Treasurer]

## 2VP

- Because I have no other friends, my Fridays are basically owned by the KGB. This means I can spend alllll of my time at alllll of the events with alllll of you.
- Like tbh yall are my main friend group so im yours forever.
- I can schedule a sweet ass event for sweet ass people.
- I can handle a *shitton of stress*.
- Little did you fuckers know that I’ve been helping the current 2VP and S@A with events this whole time, fufufufufu.
- For example, helping buy shit at GEagle, helping set up, being a hand to carry things when needed.
- Also have you seen my photoshop skills? Think of all of the sweet ass event photos I could make as 2VP.

- examples are below ;)
- But even if i dont get 2vp i’ll still lend my aid to the future 2vp if they want it so dw if im not 2vp you still might get the sicc piccs

## Treasurer

- I’m real serious about this one folks.

- I’m a “CS” “major”.
- I’ve done this for robotics in high school: ensuring that funds exists for materials, people pay their debts, and the team paying for the tournament.
- I can use a spreadsheet nicely
- I like spreadsheets
- You’re not gonna go b r o k e

- I’ve been helping my dad document finances and allocate money ever since I was 8-9, so I know what’s up.
- Also I’m VERY serious about finances. It’s no joke and I take money very seriously.

- My umbrella is fucking huge, so yes please make it rain on me.

Liam Thomas  
[2VP, Corsec, S@A]

2VP - Kate said she will fight me if I become 2VP so if you want to see that vote for me

Corsec - I have written many things in my life and enjoy writing things. It's not an aspect of my personality that y'all might know about but I will do a good job of running Pravda?!  
#SubmitToYourNewPravdaOverlords

S@A - I'm the only one of the candidates who knows how to perform a Crumpet Dash

### Ellen Seeser [Corsec, S@A]

CORSEC: With your vote, I will continue to

- assemble Them Pravda?s. I was born and I will die writing weird things. Let me give them to you. I would say: I love Pravda?, but that's got a question mark at the end of it, and what I want to convey is an extremely definite statement.
- do little behind the scenes administrative things. Do ya want to keep meeting ...in a room? Do ya want to remain an official organization? Yes! Yes! I can do that! I volunteer!
- correspond. Here's a rare image of me composing an email, please enjoy

S@A: I guess I'm running for sergeant too? I live for the memes.

Em Targoski  
(RecSec, Treasurer, S@A)

Excitement. Lifestyle. (Women.)

## Mitchell "mifi" Yang

[Recsec, Treasurer, S@A]

Rec Sec— fish fish fish fish?

Treasurer— I can keep spreadsheets, unfortunately I do not Excel at it. I tend to Google it and work with Numbers. I am "organ"ized unlike alien in booth and should not run the organization into the ground.

**S@A**— I am constantly at events ahead of time (before Kate and Ian) and help the current S@A with set up for events. I clean up after the organization and if elected, can do it officially. As a once armless S@A once said, "Obviously, I have arms. Two, in fact. What more could you ask for?"(Kate).

### Janny "what do you put in these quotes" Mongkolsupawan

[RecSec, Treasurer, S@A]

Figure 1 - Self portrait of a Janny who is very excited to contribute to the KGB somehow!!  
RecSec:

1. I'm not confident I can keep up with the languages of KiDs ThEsE dAyS or the crude words of you Hentai Bakas, but I've been training myself to push these weird buttons labelled with letters or something for quite a few years!! I can even make things appear on the screen!!!
2. jk I've been responsible for taking notes for my independent study meetings and stuff during this past semester, so I guess that means I can probably do the typing thing. To some extent :))))

Figure 2 - A Janny in its natural habitat. Probably thinking about Kamen Rider or anime or something.

Treasurer:

1. Oops I'm not the best at managing money for a group of people. I can Try and Learn though.
2. Everyone seems to be talking about spreadsheets so I should say I have some excel magic on my hands!! Which means it's fake. Magic isn't real, kids, and I don't have MS excel. I use (Google) spreadsheets every often though.
3. I'm also very excited for this prospect of having stuff thrown at me in public as I scream Hit Me Harder Daddy or something.
4. I regret making that joke above. It wasn't even funny. I'm sorry, the universe :(

Figure 3 - That's bold, Janny.

Don't ask me what these stick figures are supposed to mean.

S@A:

1. I know how to protecc people from plastic threats!! I learned it from superheroes/ tokusatsu shows (that I'm probably a *little too obsessed with cough cough*). I don't know how to fight other freshmen in this election though.
2. I've had some experience with setting up events for my cultural org! Admittedly though, I'm not the best at it and I mess up some-times, but I try my best every time.

### Come to our meetings:

5:00 PM Wednesdays UC 329 - exec meetings

GM: I ii iii vi Whitney

[S@A]

S@A- If elected I promise to disclose any and all contact this organization has made with aliens, cryptids, sentient AIs, etc; including Mark Zuckerberg. Also I'd just like to note that I'm writing this at 4:20 on 4/20, the most important minute of the year. See what kind of sacrifices I'm willing to make for y'all?

etc
