LONG LONG AGO...

A group of people who selected to lead an organization. This group had various qualifications. These are those people:

Desmond Reed - President

Dez continues his reign as tyrant, by giving us the illusion of democracy in meetings he controls. He has crushed down the KGB government in exile and leads the rest of exec against any other rebels.

Weapon of Choice: Squeaky Gavel

Kaylie Carpenter - 1VP

Kaylie strikes fear into the hearts of ordinary passersby. Not because they will undoubtedly be recruited into the KGB, but because they will feel compelled to start loving her cats and spending money on fake jokes.

Weapon of Choice: Cats

James Byrne - 2VP

James used to be in charge of managing our money - now that he's no longer shackled by those restraints, he can spend all the money he wants on events. Or possibly none since we don't get snacks this year.

Weapon of Choice: the Sergeant at Arms

Kushal Dulla - CorSec

Kushal single-mindedly pursues one goal: extracting Pravda? submissions from even the most unwilling. Any rumours about him secretly working for the government in exile are completely unfounded.

Weapon of Choice: Pravda?

Sawyer Palsen - RecSec

Sawyer is specially trained to type and record everything he sees. Some say that he types so fast, the words are in the minutes before you've even said them.

Weapon of Choice: Keyboard

Mckenna Brown - Treasurer

Mckenna and David Tepper have never been seen in the same room before. What does this mean? Hopefully that Mckenna is qualified to handle our money.

Weapon of Choice: Bags of Money

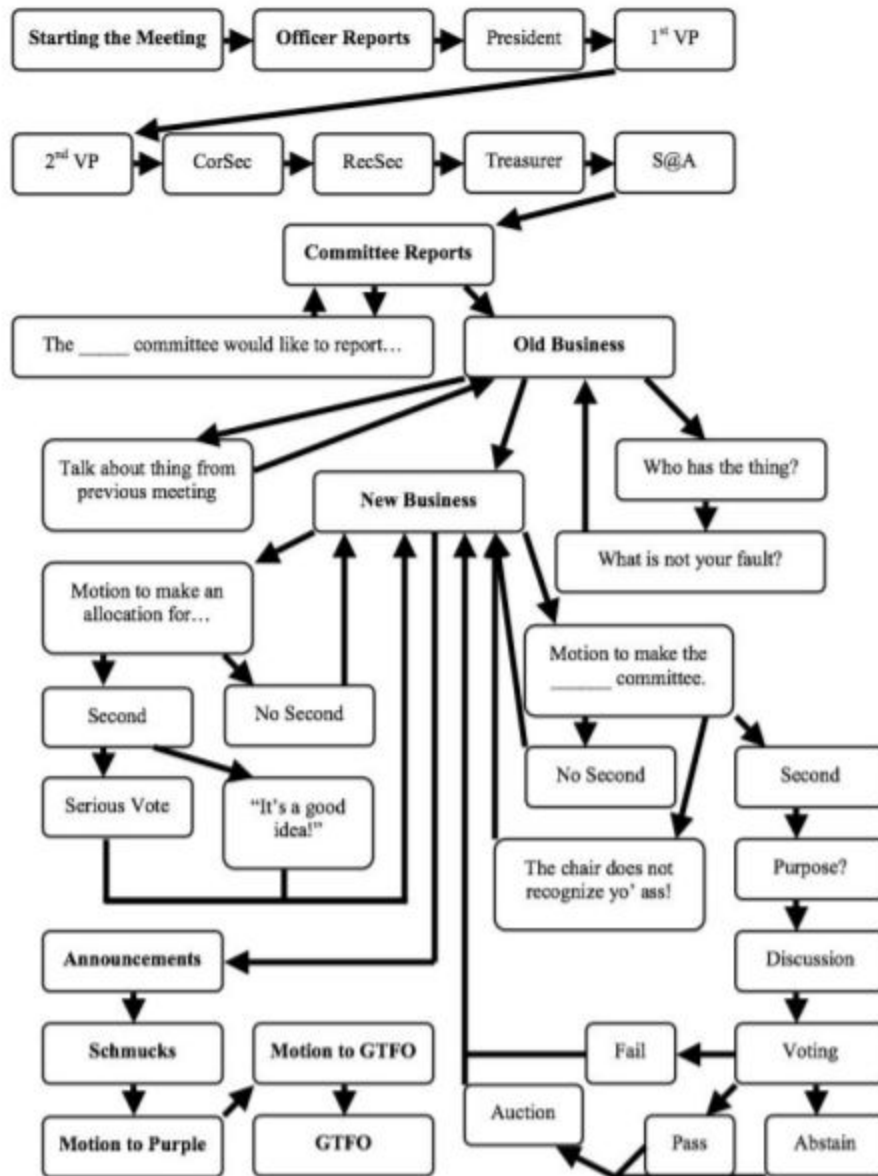

Oliver Li - S@A

Oliver has arms. He uses these arms for everything from protecting the president from all threats to drinking ~~ketchup~~ tomato juice. Sometimes he uses his feet too.

Weapon of Choice: Arms

Want to Understand What's Happening in Meetings?

Good luck, I don't think most of us do. But this flowchart helps a bit:

If you're still confused (which you should be, I've hardly explained anything), just remember some fundamentals:

- Raise your hand to speak
- Auctions are REAL MONEY
- We're all just here to have fun.

Stuff is also a bit different with meetings being on discord. Check out the #meeting-rules channel for specific logistics of how we handle online meetings (if you're reading this and not in the discord, check out cmukgb.org/discord).
