Note: This picture of a rat
is being used to fill an awkward
amount of space on the page.

Send your Pravda? submissions to pravda@cmukgb.org, or dm them to the next CorSec, which I guess could possibly still be me (Kevin) if the votes take a very certain path.

Warning: The following pages contain candidate platforms (submitted by many folks).

Reasons why you should or shouldn't vote for Kevin, sorted by role.

President: Has been on exec for 1 year. This is my only qualification (for any of these roles).

1VP: I love making propaganda, so I'd be willing to make more of it and target it towards unsuspecting first-years.

2VP: I have a bike, and I have a wallet, which means I can buy event snacks. If I lose either of these things, I'm quitting the job though.

Corsec: You've read the Pravda's, right? They speak for themselves.

Recsec: Please, for the love of God, do not make me have to type the minutes. Please. I'm begging you. Kushal, I will never forgive you for nominating me for everything with the side effect of opening up the possibility of me being RecSec. Everyone else, I'm begging you to not make me type the minutes.

Treasurer: I hate the economy. I will fight the economy with the wrath of a thousand suns, assuming that's what the Treasurer does.

S@A: Me, you, any parking lot, Thursday night, be there or be square.

thanks
- me

Twain is running for some things! Here are some things on the things:

Chood for President

Sure.

Chood for 1VP

I don't know how to use the face books. If you actually get me elected for this, then KGB will not be able to recruit anyone, and we won't have enough people to do Booth next year. So if you are actively trying to murder KGB, vote chood for 1VP! I will *absolutely* help you with that if you [troublemakers] put me here.

Chood for 2VP

If you look at the combinatorics of the people running for various positions, this one seems like the one that I am probably going to fall into. So yeah, put me here. I like it here. I can do it. I know how to plan events. I can obtain food that people like. I obtain food almost every day. And I don't even know what stores sell Shasta Cola. Don't tell me.

By the way, I own a car. I just wanted to take a moment to brag about that.

Please. Think about your ballot. Think about how satisfying it would be if every one of your first-place votes matched the election results. It's like a horse race. You're supposed to bet on who you think is going to win. What do you think that "membership due" was for?

Chood for CorSec

I could probably do this pretty well. I hate responding to emails slightly less than the average person. They make me feel less lonely...

Also, *Pravda?* I will publish *absolutely anything*¹ you send me. *Including* illegal stuff. I don't give a [care]. [Curse] the police. Try me.

¹: within reason

Chood for RecSec

I have trained myself since I was a freshman in high school to write in Quikscript. At this point, I can write it faster than Latin script. I would kindly like to make use of that talent. So far it has been completely useless. Would anyone other than myself be able to *read* the minutes? That is not of my concern.

Chood for Treasurer

As we all learned from my pre-leveling calculations for Booth this year, numbers and I have somewhat of an antagonistic relationship. Also, I still use cash in 2022 for like 90% of my purchases. I don't know how to use Venmo or Cash App or any of that jazz, nor do I want to.

I know you all would love to pelt me with coins (almost as much as I would love to get pelted by you with coins), but I promise if you ask me nicely we can arrange something outside of KGB GBMs.

Chood for S@A

Okay. This is my last-ditch effort. It's S@A or bust.

Let me set the stage. We all already know who is going to receive the title of President: our dear kevinson. And let us remark on the #1 responsibility of the Sergeant-at-Arms: to protect the President's life, at all costs.

Now let me tell you something. I hold kevinson very dearly to my heart. I would take a bullet for him. I have also always wanted to shout, "GET DOWN, MISTER PRESIDENT!"

That said, please do not attempt to assassinate kevinson. I would be very disappointed in you. But I would still respect your opinion.

Maybe we could sort out our differences in the parking lot.

By the way, kevinson said these would be printed out in the next *Pravda?* and I am running low on print quota from a little side hustle, so if you, dear reader, could do me a favor, I've included an image below that I need you to cut out and give to me. You've brought scissors for cutting out your ballot, right? Just don't look at the picture. I promise you're not helping me commit a felony.

Julia Holz for RecSec

If I become RecSec and I think your joke in a meeting is not funny, I will make you repeat it “for the minutes” until no one else thinks it is funny either. Additionally, the minutes will only be as accurate as my ability to hear words correctly, that is, not very, so if you would like amusing (or confusing) misheard minutes please vote for me.

Julia Holz for S@A

Insert Navy Seal Copypasta* Here. (It has swearing so I'm not sure if I can put it here**. I'm sorry for your loss but you'll just have to either google or remember it)

[Editor's Note:]

*What the fuck did you just fucking say about me, you little bitch? I'll have you know I graduated top of my class in the Navy Seals, and I've been involved in numerous secret raids on Al-Quaeda, and I have over 300 confirmed kills. I am trained in gorilla warfare and I'm the top sniper in the entire US armed forces. You are nothing to me but just another target. I will wipe you the fuck out with precision the likes of which has never been seen before on this Earth, mark my fucking words. You think you can get away with saying that shit to me over the Internet? Think again, fucker. As we speak I am contacting my secret network of spies across the USA and your IP is being traced right now so you better prepare for the storm, maggot. The storm that wipes out the pathetic little thing you call your life. You're fucking dead, kid. I can be anywhere, anytime, and I can kill you in over seven hundred ways, and that's just with my bare hands. Not only am I extensively trained in unarmed combat, but I have access to the entire arsenal of the United States Marine Corps and I will use it to its full extent to wipe your miserable ass off the face of the continent, you little shit. If only you could have known what unholy retribution your little "clever" comment was about to bring down upon you, maybe you would have held your fucking tongue. But you couldn't, you didn't, and now you're paying the price, you goddamn idiot. I will shit fury all over you and you will drown in it. You're fucking dead, kiddo.
