DO NOT FOLD THIS PRAVDA? INTO A PAPER AIRPLANE

DON'T DO THIS

Recent reports detail how KGB members have desecrated the most recent issue of Pravda? by folding its beautiful pages into paper airplanes. While the paper airplane committee may wish to use this publication in their experiments, KGB does not endorse the use of Pravda? for this task. Pravda? is far too serious and important of a news source for its immaculate writing to become illegible by this heretical homeomorphism. The image on the left demonstrates exactly what one should NOT do with their copy of Pravda?, as doing such would create a paper airplane, which is what you SHOULD NOT make to try to assassinate the president or any other member of

the general body. As alternatives to paper airplanes, here are some other uses of your Pravda?:

1. Read it
2. Cherish it
3. Eat it (Pravda? is a part of a balanced breakfast)
4. Photocopy it 900 times and cover the walls in Wean Hall
5. Recycle it
6. Face potential administrative consequences for printing Pravda? 900 times and covering the walls of Wean Hall
